Tec7 Remove-all 50ml tube

Remove-all is an environmental friendly solvent for removing paint, sealant, PU foam, grafitti and sod.

Remove-all is an environmental friendly solvent for removing paint, lacquer, sealant, PU foam, grafitti and sod.

The agent is liquid, and is easily applied. The container has a tip for precise dosing. The agent will start to dissolve and soften the material, making it easier to remove.

The agent evaporates very slowly, giving you plenty of time to complete the task.
