Serie 40 - Euro-profile - 4040

Standard 4040 profile with 8mm slot. The profile is produced in EU. Compatible with our 4040 accessories.

Standard 4040 profile with 8mm slot. The profile is produced in EU.

The dimensions on the profile and track makes it compatible with all of our 4040 accessories.

The 6.8mm cross center makes it easy to cut M8 threads, as there are space for chips.

We offer cutting of profiles to your desired dimensions. Follow this link
