10W LED worklamp, 10-30V

Compact 10W LED working lamp that, due to its low height, fits very well into fx your doorstep, or other places where you do not have a lot of space.

With its oval design and low height, this 10W LED worklamp is an obvious choice to sit on doorsteps on trucks or other places, where space is lacking. The worklamp has 2 powerful 5W CREE LED's, that provide up to 700 raw lumen.

The alu-housing is made out of diecast aluminum and has a powerful powder-coating and stainless steel bracket. The light color is 6000K and the lens of 90 degrees gives a good diffusion of light, suitable for work and back-up light.

Includes brackets, bolts, and nuts for fastening.
