Black-series FLOOD LED light-bar, Super Bright 10-30V

Double-rowed LED light bar that gives you a super bright work / flood light. Available in different lengths.

Work light at its best! These Black-series LED light bars are custom-made with double OSRAM LED lines and a powerful wide light-output.

With "hidden" LED's that give an anonymous look and discreet look with the dark background.

The LED lightbar is produced in an aluminum housing with a glossy black finish. The result is a light and slim design with optimal cooling for the LEDs. The front glass is polycarbonate, which has a very high tensile strength.

Brackets and bolts are supplied for mounting. The lightbar comes with a cable mounted to a waterproof 2-pin connector and a suitable counterpart.

The 56cm and 82cm version has ATP connector.

Ref.nr 24606402, 24606405

Assembly:

The light bar is very easy to install with the included pins, washers, bolts and nuts. The legs are mounted at a suitable distance, after that the bolts are clamped into the side.

56cm (200W) - 16800 Lumen
SKU 24606412
LEDs: 40 x OSRAM CSHP LEDS
Voltage: 10-30V DC
Operating temperature: – 40°C to +60°C
Lumen raw: 16800lm
Lumen effective: 11000lm
Kelvin: 5700K
Dimensions: 67,3 x 70 x 560,6mm

82cm (300W) - 25200 Lumen
SKU 24606415
LEDs: 60 x OSRAM CSHP LEDS
Voltage: 10-30V DC
Operating temperature: – 40°C to +60°C
Lumen raw: 25200lm
Lumen effective: 16500lm
Kelvin: 5700K
Dimensions: 67,3 x 70 x 815,6mm
