Topmet Begton 12 LED profil

U-profile in aluminum, intended for LED stripes - perfect for acoustic panels. The very low height with the hidden mounting clips creates a nice look.

Begton 12 is an U-profile in aluminum, that is intended for LED stripes. The profile fits perfectly in between the wooden strips on most acoustic panels. The profile has a very low height and with the hidden mounting clips, you get a profile with a nice look.

The profiles are available as silver anodized or black anodized in 1-meter, 2-meter, or 3-meter lengths. The fronts are click fronts that can easily be clicked into the profiles when you have mounted the LED strips and the end caps. Available in white / opal or black.

The profile fits 8mm, 10mm, and 12mm LED stripes.

A complete set contains a profile, plastic end caps, plastic front, 2 mounting clips for the 1-meter set, 4 mounting clips for the 2-meter set, and 6 mounting clips for the 3-meter set. Silver mounting clips for anodized profiles and black mounting clips for black profiles.
