Series 30/40 - 7" / 1.25" Wheel, Puncture-Free

Sturdy 7" wheel with puncture-free rubber tire and 8mm axle. Ideal for scooters, go-karts, and transport carts. Diameter 180mm, width 32mm.

Sturdy 7" wheel with nylon rim and puncture-free 1.25" rubber tire. The ball bearing in the rim with an 8mm axle ensures the wheel turns with minimal resistance.

The wheel is suitable for all kinds of purposes, from scooters and go-karts to transport carts.

The tire diameter is 180mm, and the width is 32mm. The axle in the center is also 32mm, so you will need washers to avoid the wheel dragging on the sides.

Maximum load is 150kg.
