- GRL8-01: 2-niveau control
- Selectable function: PUMP UP or PUMP DOWN
- Adjustable time relay(0,1 - 10 sek.)
- Sensitifity can be adjusted (5-100K ohm)
- Wide supply voltage range: AC/DC 24-240V
- Relay output: 1SPDT 10A/AC1, LED-indicator
- Compact 1-module design for DIN rail mounting

A reliable solution for efficient water management.
