HB4 Osram Night Breaker LED kit, 2 pack, E-approved

E-approved HB4 LED headlight kit for cars from Osram for legal use on public roads.

NIGHT BREAKER LED SMART – The next generation of fog lamps
The new NIGHT BREAKER LED SMART bulbs from OSRAM offer exceptionally bright light, a compact design, and long lifespan– all with traffic approval1). These LED bulbs allow you to replace conventional halogen bulbs with advanced OSRAM LED technology.

*In the overview HERE you can see Osram's list of approved vehicles for LED bulbs. At the next periodic inspection, you can advantageously have the bulbs registered in the vehicle's documents as a constructive change.

The kits are complete with 2 pieces LED light sources and appropriate plugs/harnesses to replace the original light sources. For cars with bulb control, it is also possible to purchase Canbus kits for 12V.

These bulbs are the perfect complement to existing NIGHT BREAKER LED or HID bulbs and offer an ideal combination for a complete LED lighting upgrade. They set new standards for innovation, precision, and versatility.

NIGHT BREAKER LED SMART bulbs produce a modern, bright white light with a color temperature of up to 6000 Kelvin. Compared to conventional halogen bulbs, they offer a wider light beam that provides optimal illumination even under challenging conditions.

With up to 80% less energy consumption and up to 6 times longer lifespan2), these LED bulbs are not only efficient but also exceptionally durable. They are vibration-resistant and offer protection against water and dust thanks to their IP54 certification.

Equip your vehicle now with NIGHT BREAKER LED SMART lamps and enjoy outstanding brightness and safety on the road. OSRAM also offers a special warranty3 on these innovative LED lamps.

Color temperature: Up to 6000 Kelvin
