Airhorn with compressor set 12V

12V Airhorn with a complete compressor kit. Up to 115 decibels. Available in chrome and black.

Complete set with air horn and compressor for direct 12V mounting.

Give your car or van a sound that makes people stop and take notice!
This compact yet extremely powerful 12V air horn delivers an impressive 115 dB, providing a distinctive and penetrating sound, just like a real truck horn.

The set comes with everything you need for immediate installation.

Perfect if you want to add a bit of extra character and volume to your vehicle.

The air horn is available in two stylish versions – classic chrome or elegant black – so you can match the look perfectly to your vehicle.

The package includes an air horn, compressor, relay, bolts, and nuts – all ready for quick installation.
