Strands Big Energy LED Light Bar - R65

Strands Big Energy R65-approved light bar with 27 powerful flash patterns, available in multiple lengths.

Big Energy strobe light bar delivers maximum visibility in a sleek, dark design that fits perfectly on all types of vehicles. With powerful light output, 27 different flash patterns, and a separate cruise mode, it is an ideal choice for both work and traffic situations where safety is critical.

It is approved according to ECE R10 and R65, features an IP67 rating, and is built from durable materials to ensure reliable performance in all weather conditions.

The strobe light bar is available in five lengths (600–1800 mm) and comes with adjustable mounting feet, making it easy to install on trucks, vans, tractors, and special vehicles.

The elegant dark design combined with a powerful amber light delivers a professional look and high visibility.

Big Energy is supplied with a 3-year functional warranty from Strands, making it a safe choice when only the best will do.

60cm - 108W
SKU 500890
Voltage: 10-32V
Consumption: 65W
Consumption, teoretical: 108W
Cable length: 250cm
Work temperature: – 30°C to +60°C
Patterns: 27
Dimensions: 100 x 88 x 600mm

120cm - 204W
SKU 500892
Voltage: 10-32V
Consumption: 86W
Consumption, teoretical: 204W
Cable length: 250cm
Work temperature: – 30°C to +60°C
Patterns: 27
Dimensions: 100 x 88 x 1200mm

180cm - 300W
SKU 500894
Voltage: 10-32V
Consumption: 115W
Consumption, teoretical: 300W
Cable length: 250cm
Work temperature: – 30°C to +60°C
Patterns: 27
Dimensions: 100 x 88 x 1800mm

90cm - 156W
SKU 500891
Voltage: 10-32V
Consumption: 77W
Consumption, teoretical: 156W
Cable length: 250cm
Work temperature: – 30°C to +60°C
Patterns: 27
Dimensions: 100 x 88 x 900mm

150cm - 252W
SKU 500893
Voltage: 10-32V
Consumption: 105W
Consumption, teoretical: 252W
Cable length: 250cm
Work temperature: – 30°C to +60°C
Patterns: 27
Dimensions: 100 x 88 x 1500mm
