Horpol NEON marker light parts

LED spare parts for Horpol LED NEON marker lights. Available in white, yellow and red.

Choose from various LED units as replacement options for your existing Horpol LED NEON sidemarker lights. Available in red, orange, and cool white.

If your LED units break or you want to create unique sidemarker lights, you now have the option to replace them according to your preference.

They are a direct replacement for those already in the Horpol LED NEON sidemarker lights and actually also fits Gylle's. Can be connected to 10-30V.

- 10-30V
- 5-meter cable
