Strands IZE OG LED work light 42W

Powerful 42 LED work light by Strands with a sleek old school look that stands out from the rest.

Looking for a powerful LED work light that delivers maximum brightness without compromising on design, Strands IZE OG is the ideal choice for you with its modern performance in a classic look.

With its eye-catching design and textured lens, it provides a pleasant, evenly distributed glow with a timeless appearance. The compact size makes it easy to install and suitable for most vehicles.

The IZE OG 42W work light delivers an output of 3900 theoretical lumens with a range of 57 meters at 1 lux. Its 4500K color temperature ensures a clear and comfortable working light that performs efficiently in all conditions.

The IZE OG is supplied with a 1-meter cable and includes everything needed for installation: mounting bracket, M10 bolt, washer, nut, and rubber pad.

Manufactured from high-quality aluminum and polycarbonate, it is built to last and makes a durable addition to any vehicle. It operates on 10–36V DC, features an IP69K protection rating, and is EMC certified according to ECE R10.
