Strands IZE LED / FOR9T frame

An elegant frame for IZE LED and FOR9T Illusion lights. Designed for easy and stylish installation.

Give your vehicle an exclusive and modern look with the IZE LED frame. Designed specifically for rectangular IZE LED and FOR9T Illusion lights, this sleek frame combines functionality, durability, and style in one complete solution.

The frame is designed for easy installation and fits a wide range of vehicles. It is available in multiple sizes for 1, 2, 3, 4, or 5 lights, allowing you to create the exact setup you want.

Manufactured from high-quality, durable ABS plastic, the frame is built to withstand harsh weather conditions, temperature fluctuations, and everyday wear, ensuring long-lasting performance.

Installation is quick and hassle-free, while maintaining easy access to the lights whenever replacement or maintenance is required. In addition to protecting the lights, the frame serves as an elegant styling element that enhances your vehicle's appearance and provides a professional finish.

Enhance the look of your vehicle and give it the attention it deserves with an IZE LED frame.
