Entac rechargeable mini LED flashlight, 300lm

Compact Entac LED flashlight; 300 lumens, adjustable zoom, USB charging, and IP44 rated. Perfect for home, car, workshop, and leisure.

The compact Entac is a practical and versatile LED flashlight, ideal for home, car, workshop, and outdoor activities. With a brightness of up to 300 lumens, adjustable zoom function, and rechargeable battery, you get a powerful light in a handy format. The flashlight is IP44 rated, making it resistant to water splashes, and it charges easily via USB.

Advantages:

Powerful 3W XPE LED – up to 300 lumens
Rechargeable via USB
Adjustable zoom for wide or focused light
Compact and easy to carry
IP44 protection against water splashes

A reliable flashlight for everyday use, emergencies, and leisure activities.
