Aluminum Track, Bardolino, Mini Profile

Bardolino Mini aluminum profile: Elegant, discreet design at 10.5×10.5 mm.

Bardolino Mini Aluminum Profile for LED Strips

Create elegant and professional lighting solutions with the BARdolino Mini aluminum profile. The sleek design, measuring only 10.5 × 10.5 mm, makes the profile ideal for discreet installations where both functionality and aesthetics are prioritized. The anodized aluminum surface ensures an exclusive appearance and contributes to effective heat dissipation, which can extend the LED strip's lifespan.

The profile is available in both 1,000 mm and 2,010 mm, so you can easily choose the length that suits your project.
