ENTAC – Rechargeable LED Headlamp 350 lm

ENTAC rechargeable headlamp with 350 lm, motion sensor, up to 2.5 hours of use. Ideal for work, leisure, and outdoor activities.

ENTAC – Rechargeable LED Headlamp 350 lm

The ENTAC EHL-RE-350LM is a practical and versatile rechargeable LED headlamp that provides powerful illumination while keeping your hands free. Offering up to 350 lumens, this headlamp features various lighting modes, allowing you to tailor the light to your task.

The integrated 800 mAh rechargeable battery charges via USB, providing up to 2–2.5 hours of runtime, making it suitable for work, leisure, camping, repairs, and any task requiring reliable lighting.

The headlamp also includes a motion sensor to switch the light on and off with a simple hand gesture. It is IP54 rated for both indoor and outdoor use.
