ENTAC – Multifunctional Rechargeable LED Headlamp 350 lm

Rechargeable LED headlamp with 350 lumens, IP54 protection, and versatile use for both indoor and outdoor activities.

ENTAC – Multifunctional Rechargeable LED Headlamp 350 lm

The ENTAC EHL-RE-MF is a versatile and practical rechargeable LED light that provides you with powerful illumination while keeping your hands free. Delivering 350 lumens, this lamp features multiple lighting modes, making it ideal for work, leisure, and outdoor activities.

Its compact design allows it to be used as a headlamp, handheld light, or body-mounted lamp, offering the flexibility to direct light exactly where you need it. It also comes with a convenient belt pouch for easy transport.

The built-in 500 mAh rechargeable battery charges via USB-C, providing up to 4 hours of operation. With IP54 protection, the lamp is suitable for both indoor and outdoor use.
