MR16 Helios LED bulb, 12V-24Vdc

MR16 LED bulb with 12 pcs. 3-Chip SMD LEDs. It is available in warm white light and in different colors.

MR16 LED bulb with 12 pcs 3-Chip SMD LEDs. It is available in warm white light and in different colors.

The advantage with SMD LED is that the light scatter is very broad and compared to a normal MR16 bulb, this LED bulb gives a light equivalent to 25 ~ 30 Watts.

The light scatter is 120 degrees and the LED bulb has the same dimension as a traditional MR16 bulb with ø50mm.

This is suitable for outdoor use, since the LEDs are protected behind the front glass. This bulb is also suitable for use in photovoltaic installations, caravans, motor homes and boats , since it has a built in 10-30Vdc voltage regulation.
