Avide party Lights with 24 pcs. LED lamps 230V

Nice party lights with colored LED bulbs included and 230V for a direct plugin. They can also be used outside.

Give the mood and the coziness a notch up with this nice set Avide party lights with colored LED bulbs. In the set, there are 24 colored LED bulbs included where the colors are green, blue, yellow and red. The bulbs consume each 1W.

The set can also be used outside (IP44) - ex on the terrace.
The sockets on the party light are with an E27 thread.

Very simple to deploy, as there is already a 230V plug on.

The chain's total length is 15 meters, including a 50cm supply line.
It is possible to link up to 200m or 720W together.

The bulbs are located at approximately 60cm distance.
