Prolumo Work MICRO - LED worklamp, 12W

Very small and compact 12W LED working lamp fits perfectly in all where you do not have a lot of space available.

Much smaller is likely not possible! But you do not regret getting this small, bright, and compact 12W LED working lamp with 8 powerful LEDs that provide up to 1200 raw lumen. It fits perfectly in all smaller corners and edges on your truck, bus, or other places where you do not have a lot of space available.

The alu-casing is varnished with a powerful powder-coating and the bracket is stainless steel. The color temperature is 5700K and the optical beam is 90 degrees, which gives you a bright light-spreading. Perfect for working light / reversing light.

Included are bracket, bolts and nuts for mounting.
