LED Lamp 1 x 5W Cree and A Zoom

A compact led flashlight with cree 5W LED and an adjustable focus / beam width.

A compact LED flashlight with CREE 5W LED and an adjustable focus from 1 to 2000. The lamp is produced in aluminium and it is suitable for outdoors, since it is also splashproof/rainproof.

The CREE LED power is controlled via the push button at the bottom and has 3 functions: 100% light, 50% light and a strobe.

It is supplied with battery holder/adapter, so the lamp can be used with 3 x AAA batteries or 1 piece 18650 battery. In order to achieve full brightness, it is required that you use powerful quality batteries.
