LED flashlight - Cree XM-L Zoom Wand T6-1000 Lumens

A compact LED flashlight with Cree XM-L T6 1 diode and an adjustable focus.

A compact LED flashlight with Cree XM-L T6 1 diode and an adjustable focus.

The lamp is produced in aluminium and is also well suited to the outdoors, since it is splashproof/rainproof.

The CREE diode effect is controlled via a push button at the bottom and there are 5 features: 100% light-50% light-10% light-strobe-SOS

OBS!!! The battery and the charger not included.

Missing rechargeable 18650 batteries so look here

In order to achieve full brightness, it requires to use powerful and high quality batteries.
