Matronics Flexbox 6 - A Compact LED Lamp, 10-30V

A compact LED module, which is 100% waterproof and suitable for effect lighting.

A compact LED module, which is 100% waterproof and suitable for effect lighting, such as MC and scooters, where they can be hidden under the fairing parts or the tank.

However, they can also easily be used indoor and outdoors on cars and trucks, when the operating voltage is 12 ~ 33Vdc.

The modules are being attached either via screws or glued. The measurements are just 60x24x14 mm (LxWxH).

A 1,5m wire length.
