# LED Position Light Set for Volvo FH/FM (2009-2012)

A light-source for your position lights on your Volvo FH/FM. They can replace the original ones with the same color or a different light-color.

You can change the original position lights on your Volvo FH/FM årg. 2009 +. You can switch from white to colored lights. They are unfortunately not E-approved.

On the back of the lamp there is a small cap that must be cut and removed to get access. The hole can be closed again with a glue or by using a repair kit from Volvo: 82 237 133.

The price is for a complete set with 2 emitters.
