Matronics Canbus Xenon Kit

A powerful Xenon-kit to convert halogen-bulbs to Xenon. The ballast with the newest technology makes it very compatible with CanBus bulb control in newer cars.

A powerful Xenon-kit to convert halogen-bulbs to Xenon. The ballast with the newest technology makes it very compatible with CanBus bulb control in newer cars. This makes the kit very simple to mount and far less problematic compared to cheaper and older xenonkits, which require seperate Canbus relays etc.

The Ballast is ultra-slim and one of the smallest on the market, as it only measures 80mm x 65mm x 14mm. It is very simple to mount with the included accessories.

A kit contains:

- 2 pcs. Xenon-pærer
- 2 pcs. Xenon-ballaster
- 2 pcs. mounting-brackets and bolts and nuts for Xenon-ballaster
- A danish manual
