E27 Philips 2700K 12W LED Bulb, Dimmable

E27 LED bulb from Philips is dimmable and replaces a 60W incandescent bulb.

E27 LED bulb from Philips is dimmable and replaces a 60W incandescent bulb. LED bulb has broadly the same light scattering as an incandescent bulb and a color of 2700K.

It can be dimmed by the most common dimmers and IHC. However, only as long as the minimum requirements of the dimmers have been met.

We still have many in stock for this crazy low price!
