Hella Rallye 3003 Auxiliary Lamp with LED - 12V / 24V

A large Hella auxiliary lamp with H1 socket and LED position light. For mounting on cars and trucks.

A large Hella auxiliary lamp with H1 socket and LED position light. The large size, but low weight make it perfect for mounting on larger cars and trucks. The big reflector and the clear glass give you plenty of light. The lamp is also built of stainless materials.

The lamp has a H1 socket (12V/55W, 24V/70W) and the built-in position light is a LED light source, that can also be replaced.
