Waterproof LED indikator, IP67 - 12V

Smart little LED indicator that is completely waterproof and perfect for mounting in enclosures or other places.

Smart little indicator with a 5mm LED that is completely waterproof from the front. Perfect for mounting in enclosures or other places. It gives you a nice and clear indication when it is turned on.

The indicator fits in to a 8mm hole.

Without a resistor the indicator is for 2V, but the included resistor allows it to be connected to 12V. The resistor must be mounted on one of the legs.
