Serie 30 & 40 - Gliding holder

Plastic-base that fits in series 30 and 40 profiles. A carabiner for hanging up items is included.

Plastic-base that fits in series 30 and 40 profiles. A carabiner for hanging up items is included.

The carabiner can be used for hanging up cables, lamps or other things, and the plastic-base can easily be pushed back and forth.

Notice that the plastic base of course has a lower weight limit than one in metal.
