Cup-washer for LED mini spot - Stainless A4

The cup-washers are especially intended for stainless LED mini spots. 22mm with 8mm hole.

The cup-washers are especially intended for stainless LED mini spots. They are a benefit if the surface is brittle, or if you need to cover a bigger hole.

The hole in the washer is 8mm, while the washer itself is 22mm in diameter, and 5mm thick.
