LED Position and Indicator Lamp 12V-24V

A nice LED lamp with a built-in position and indicator light for mounting on the front of your car and truck. ECE approved, a 5-years waranty.

A nice LED lamp with a built-in position and indicator light for mounting on the front of your car and truck. The lamp is multi-volt, so it can be connected to both 12V and 24V.

The lamp has a solid construction and is protected against impacts and vibrations. It is also completely waterproof and can be completely immersed in water. Because of this, the manufacturer issues a 5-years waranty.

The lamp is ECE and EMC approved.
