LED License Plate Lamp 12-24V

A nice LED license plate lamp with a 5-years waranty. It is completely waterproof and secured against vibrations and impacts.

A nice LED license plate lamp with a 5-years waranty. It is completely waterproof and secured against vibrations and impacts. It can be connected to both 12V and 24V.

It has a very compact size, so it should be mountable almost everywhere.

The lamp is available with and without plug, that can be connected directly to some selected tail lights.
