LED Machine Light with Magnet-Base, 4.5W

A waterproof machine-lamp for lighting in machines and workshops. The magnet base and flexible neck makes it easy to be placed.

A waterproof machine-lamp for lighting in machines and workshops, for example in a CNC machine or other machining centers.
The magnet base and the flexible neck makes it easy to place on a metal surface, og to be mounted firmly with the 4 holes in the base. It is completely waterproof, with a IP65 rating. It will handle a water, a cooling liquid and cutting fluids without problems.

It gives a great work light with 4000K neutral white light and a light beam og 30 degrees. The consumption is only 4.5W.

The power-supply is built-in to the lamp, so you can connect it to 230V or 24V depending on chosen model.

The 24V model has a cord of 75 cm WITHOUT plug
The 230V model has a cord of 115 cm WITH plug
