LED classic combination lamp, slim 12V

LED lamp with a tail, a brake and an indicator light. 8 bright LEDs. With and without license plate light. ECE-approved and a 5 year waranty.

LED lamp with a tail, a brake, and an indicator light. 8 bright LEDs. With and without license plate light. ECE-approved and a 5-year warranty.

Notice that there is only one lamp-model that has license-plate light built-in, so you cannot have license-plate light on both sides. The same for the set, where one has license-plate light, the other has not.

The lamp is easily mounted with two bolts on the backside, with a 100mm hole-distance.

- WHITE: FRAME / -
- BROWN: DRIVING LIGHTS
- RED: BREAK LIGHTS
- YELLOW: INDICATOR LIGHTS

400mm cable length.
