Flexistripe 12V

A flexible, a splashproof and a self-adhesive LED stripe with a 2 metres wire. It connects directly to 12V. 50cm and 100cm.

A flexible, a splashproof and a self-adhesive LED stripe with a 2 metres wire. The stripe is connected directly to 12V, either to a battery or to a fitting 12V DC power transformer / power supply.

The stripes are available in lengths of 50cm and 100cm and with 6 different light colors.

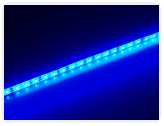

The double-adhesive 3m tape gives you a secure mounting on metal, plastic and painted surfaces. You should not mount these on raw wood. Clean the surfaces before applying.
