FIBOX Tempo ABS, IP65

Large and small water-proof plastic enclosure with lots of space for power supplies and other larger equipment. Available with a gray or transparent lid.

Small and large water-proof plastic enclosures with lots of space for power supplies and other larger equipment. It is possible to mount parts in the bottom of the enclosure, for example, a DIN rail for various controllers.

The enclosure is perfect for mounting outdoors and can handle temperatures from -40 to +80 degrees. It is water-proof with IP65 and it is impact-resistant with IK07 classifications.

Available as either gray or transparent lid.
