1W Cree Star Spot, 3000K

Mini LED downlight / star spot for indoor and outdoor use.

LED star spot that gives a nice warm white light with a color temperature of 3000K. The spot has a 25mm head and needs to be mounted in a hole of 21mm.

- 5 m cable
- 10 m cable
- 15 m cable

The spot connects to a constant current supply of 350mA max. When it runs on a constant current, it can achieve a very nice dimming - down to 5%, depending on the power supply and the dimmer.

The Spot has a 25mm head, and mounted in a 21mm hole. Mockery pressed through the hole, the legs behind so keep it tight.
