Serie 40 - Profile - 4040

Standard profiles in 4040, with basis dimensions 40 x 40mm and 8mm slot. The profiles are an extra thick model.

Standard construction profiles in 4040, with basis dimensions 40 x 40mm and a 8mm slot. The profiles are an extra thick model, solid core and round holes.

The profiles an be used in constructions that require very high stability.

The profiels can be jointed in many different ways, either with brackets or by using the holes in the end, where you can cut a fitting thread.

We offer cutting of profiles to your desired dimensions. Follow this link
