# Tec7 glue and sealant

Universal glue and sealant that has many advantages. Available in black, clear and white.

Universal glue and sealant that has many advantages, which makes it usable for many purposes, and as it is non toxic it can be used both indoors and outdoors. When the glue has hardened it it strong but also permanently elastic. The glue can also be painted over.

The glue has excelent adhesiveness. both on dry and moist surfaces, even under water. At the same time it is resistant to fungus and bacteria.

It can be used on most building materials, stone and mirrors. The glue is this very usable in general construction, repairs and sanitary.

The glue is available in black, clear and white.

It adheres less on PP, PE, bitumen and silicones.

## Specifications

| | |
|---|---|
| Time, surface hardening | 8 minutes |
| Time, tack-free | 25 minutes |
| Time, full hardening | 6mm = 24 hours, 7mm = 48 hours, 8mm = 72 hours |
| Elasticity / e-modulus | 172N/cm² |
| Tensile strength | 1 week = 260 N/cm², 12 weeks = 310 N/cm². |
| Temperature, stability | -40 to 90 degrees, briefly 150 degrees (30 minutes) |
| Temperature, application | 5 to 40 degrees |
