Serie 20 - L-bracket

Flat brackets made from extruded aluminium. Take less space than the large brackets, and gives you a great joint.

Flat brackets made from extruded aluminium. Take less space than the large brackets, and gives you a great joint.

If you need high stiffness in the joint, you will need a bracket on both sides of the profile you fasten.

The brackets are standard 20x20mm, and is available in widths that fit 20mm, 40mm and 60mm.
