# Serie 30 - Flat bracket, 4mm

Extra strong bracket milled out of 4mm aluminium, that is annodised. The holes fit M6 bolts.

Extra strong bracket milled out of 4mm aluminium, that is annodised afterwards. The holes fit M6 bolts. The different models can be used for various types of joints.

Use washers to prevent scratches in the annodizing.

You usually use t-nuts and bolts, or hammer-bolts and nuts.
