Fristom LED tail light with dynamic indicator 12 - 24V

Elegant square LED taillamp with rear-light, brake-light and dynamic indicator for both 12V and 24V.

Elegant square LED taillamp with rear-light brake-light and dynamic indicator-light. The built-in voltage regulator allows you to connect it to both 12V and 24V, which gives you a lot of possibilities.

The lamp is (EMC); R10-approved for legal road use.
The lamp is completely waterproof (IP67)

The special thing about this model is that it is equipped with a dynamic indicator-light in LED, which can be found on modern car models. On the lamp, there is a 1 meter long wire in black.

- White = Minus / -
- Black = Driving-light
- Red = Brake-light
- Yellow = Indicator-light

Assembly:

The lamp is easily mounted using the two built-in bolts on the back of the lamp and supplied nuts.
