LED table-lamp, 4W RGB+CCT

LED table-lamp with flexible gooseneck, pencil holder and RGB+CCT light.

LED desk lamp with pencil holder, flexible swan neck with work light and built-in RGB + CCT light in the bottom of the lamp.

The LED light changed in color-temperature, that goes from warm-white (3000K) to neutral-white (4000K) and finally to cold-white (6000K). The LED can hold power for up to 6 hours on a full charge, or simply just plug it to a 230V output with the supplied power supply.

The LED lamp is also charged through the supplied power supply. A red light will light up on the back when charging and turn off again when the LED lamp is fully charged.
