Deutsch DT Crimp Tool in Toolbox

High quality crimping tool for Deutsch DT terminals. 2 set replacable jaws is included, contained in a solid toolbox.

High quality crimping tool for Deutsch DT terminals. 2 set replacable jaws is included. The smart click-system makes it quick and easy to replace the jaws, without any need for tools.

The crimping tools and jaws are stored in a solid toolbox, with durable locking mechanism.

Crimp-dimensions

Below you can see the cable-dimensions that the jaws can crimp. It is of course important that you use the right jaws, to get the optimal crimp.

K3 jaws:
AWG14 - 2.5mm2
AWG16 - 1.3mm2
AWG18 - 0.8mm2

K4 jaws:
AWG16 - 1.3mm2
AWG18 - 0.8mm2
AWG20 - 0.5mm2
